EXPERIENCES

TEAM LEADER -In FLL my role was to play as the team leader. I led my team to our goals. I assigned different group members to create goals for each part and I would discuss those goals with the team members so everyone can agree and voice a strong opinion. Also when no one was willing to do a certain thing, I would take initiative to do it and get it done with for the benefit of our team. With this I demonstrated my leadership, cooperation, and teamwork skills.
